MEMORANDUM FOR: Deputy Director for Science and Technology

SUBJECT : Appreciation of Messrs. [redacted]
and [redacted]s Services

25X1A

I wanted you to know how much I appreciated the good efforts of [redacted] of your graphics shop in preparing briefing boards to support my appearance on the Hill this week. They put in a great deal of work on very short notice, and did so with unflagging good cheer. The presentations they put together were of uniformly high quality and significantly assisted me in demonstrating the nature and importance of our mission to members of the Senate Select Committee on Intelligence. Many thanks.
